Education

since 2017 **Ph.D. student**, *International Max Planck Research School on Neuroscience of Communication: Function, Structure, and Plasticity (IMPRS NeuroCom) at the Max Planck Institute for Human and Cognitive and Brain Sciences*, Leipzig, Germany.
Supervisor: Prof. Dr. Nikolaus Weiskopf (Department of Neurophysics)

2014–2017 **Master of Science (M.Sc.)**, *Physics at University of Leipzig*, Germany, *Final grade: 1.9*.
Master thesis: »Layer-dependent fMRI of the primary motor cortex at 7 T indicates whether we act or imitate« (Grade: 1.7)

2012–2016 **Bachelor of Arts (B.A.)**, *Musicology and Philosophy at University of Leipzig*, Germany, *Final grade: 1.4*.
Bachelor thesis: »Investigation of a correlation between spontaneous motor tempo and individual alpha-band brain activity« (Grade: 1.0)

2008–2013 **Bachelor of Science (B.Sc.)**, *Physics at Free University of Berlin*, Germany, *Final grade: 2.6*.
Bachelor thesis: »Femtosekundenspektroskopie an relevanten Molekülen des interstellaren Mediums« (Grade: 1.0)

2008 **German Abitur (A-level equivalent)**, *Goethe grammar school Berlin*, Germany, *Final grade: 1.8*.

Experience

Vocational

01/2015–09/2015 **Student assistant**, *Max Planck Institute for Human Cognitive and Brain Sciences*, Leipzig, Germany.
Development of pipeline for co-registration of high resolutive functional data with MIPAV using CBS High-Res Brain Processing Tools in the Neurophysics department.

12/2013–11/2014 **Internship**, *Max Planck Institute for Human Cognitive and Brain Sciences*, Leipzig, Germany.
Examination of resting-state EEG measurements and self-paced tapping (SMT) in the research group »Auditory Cognition«.

06/2012–12/2012 **Student assistant**, *Leibniz Institute for Tropospheric Research (TROPOS)*, Leipzig, Germany.
Measurement of aerosol-cloud interactions with a light detection and ranging system (LIDAR) in the research group »Optical Remote Sensing«.

Abroad

03/2013-04/2013 **Internship**, *Institute of Scientific and Technical Research for Defense (CITEDEF)*, Buenos Aires, Argentina.
Investigation of air pollution in Buenos Aires using a Light detection and ranging system (LIDAR) in the laser institute for atmospheric research (CEILAP).

10/2010–02/2011 **Erasmus-scholarship**, *University of Granada*, Spain.
Faculty of Physics and Environmental Science.

Presentations and workshops

06/2019 »Reliable 3D mapping of ocular dominance columns in humans using GE-EPI fMRI at 7 T«, Poster presentation at the OHBM Annual Meeting 2019 in Rome, Italy.

06/2018 »Mapping colour-selective columns in V2 across cortical depth using GE- and SE-EPI«, Poster presentation at the OHBM Annual Meeting 2018 in Singapore.

07/2017 »Layer-dependent BOLD of M1 during observed and actual finger tapping«, Poster presentation at the 7th summer school of the International Max Planck Research School on Neuroscience of Communication: Function, Structure, and Plasticity (IMPRS NeuroCom) in London, UK.

Languages

German	mother tongue
French	advanced
English	advanced
Spanish	intermediate

Computer skills

Python, Matlab, Perl

Other Presentation (Neurobehavioral Systems), Psychtoolbox, LaTeX

Musical background

Violin, Piano, Guitar
